*ACI EUROPE is a unique source of technical and legal expertise for our industry and an exceptional facilitator in the exchange of knowledge and influence, which we must continue to develop. My priority will be to meet two major challenges: to enable Europe to capture global traffic, that is on the rise; and to develop the competitiveness of our airports in the face of competition from the other continents".*

ACI EUROPE is the European region of Airports Council International (ACI), the only worldwide professional association of airport operators. ACI EUROPE represents over 450 airports in 44 European countries. Member airports handle 90% of commercial air traffic in Europe, welcoming over 1.5 billion passengers each year.
